Program Eligibility

Is this practice approved for financial assistance through another program? Yes No (If yes, not eligible)

A. Definition

Supplying water to livestock during a water shortage or other water crisis which resulted from a declared water limiting exigency.

B. Policies for Practice

1. Applicant must be a District Cooperator.
2. By participating in this program, the cooperator agrees to contact the Conservation District for conservation planning assistance.
3. A W-9 tax form will be required with application.
4. Cost share is available to land owner or lessee.
5. Applicant must provide map identifying farm.
6. Tank(s) must be used to haul livestock water and cannot be used to haul water for human consumption.
7. Portable watering troughs are to be used to water **Livestock ONLY** and not for any other purpose.
8. Connection/Tap to public water source is eligible however must be used for watering **Livestock ONLY**.
9. Application approvals will be made by the Conservation District based upon availability of funds.

C. Payment rates & limits:

1. The cost-share rate for this practice shall be 50% cost share up to a maximum reimbursement of \$250 per cooperator for water hauling tank(s), Portable Water Troughs, Water Pump, Connection/Tap to Public Water, and associated hoses and fittings.
2. To receive payment, applications must be approved by the Conservation District Board. Retroactive payments are permitted if tanks(s)/Portable water troughs and associated fittings and hoses are purchased between June 25, 2024 and 30 days following a D0 status per the U.S. Drought Monitor.
3. Payment approval will be authorized by Conservation District Board based on availability of funds. Cooperator must submit paid invoices, complete a W-9 form and contact Conservation District to verify practice implementation prior to receiving payment.
4. No duplication of federal or state cost-share shall be allowed.
