Energy Express is made possible through grants from various nonprofit agencies. In order to continue receiving these grants, Energy Express is asked to show its effectiveness through an annual evaluation conducted by an independent evaluator. Energy Express staff may test your child or ask them questions about the program as part of this evaluation to see how much progress he/she makes during the program. This information, along with basic demographic information, will be shared with the independent evaluator. **Any information received by the Energy Express staff or the independent evaluator from your child will be kept confidential, recorded only as group data and used only for the evaluation.**
